

**Anointed Residential Care #2**  
**Team Advocacy Inspection for December 7, 2017**  
**Inspection conducted by Toni Etheridge, P&A Team Advocate; Clarissa Guerrero, Volunteer**  
**and Hayley Cannon, Volunteer**

Photo Date 12-7-17

### **Facility Information**

Anointed Residential Care #2 is located in Sumter County at 511 South Sumter Street, Sumter, South Carolina 29150-5754. Team arrived at the facility at 12:47 PM and exited the facility at 1:45 PM. The administrator, Daisy Bradley, was present during the inspection. The facility is licensed for five beds. The DHEC license had an expiration date of 3-31-18. The administrator's license had an expiration date of 6-30-18. The facility had a written emergency plan to evacuate to Church of God by Faith at 609 Atlantic Avenue, Sumter, South Carolina 29150.

### **Overview of Visit**

During Team's first arrival to the facility was at 10:05 AM. Team knocked on the facility door and there was no answer. Team called the facility's contact number listed in SCDHEC Community Residential Care Facilities dated December 7, 2017. The facility's answering machine did not provide information about where to locate members of the facility, and no note was on the door. Team left and returned back to the facility at 12:47 PM. The Team talked to the administrator; reviewed residents' records, medication, and medication administration records, and toured the service provider's facility. There were no residents present at the facility. Most of the residents were at Anointed Residential Care, and the others were out in the community involved in daily activities. Team conducted an exit interview with the administrator, Daisy Bradley.

### **Report Summary**

During Team's inspection in the foyer, the smoke alarm had no face-plate cover, and wires were exposed. In the second sitting-room, a window screen needed to be replaced. In the front bedroom, a wobbly dresser drawer. In the front bedroom, there was a large interior wall crack; approximately 11 inches in length. In the bathroom, the faucet sink dripped water, and the knob and faucet in the bathtub were loose. The front exterior walk-way ramp had exposed nails.

## **Areas of Commendation**

- The administrator was extremely polite and helpful.
- The administrator provided prompt access to all requested documents.
- Fire drills were routinely conducted and documented.
- The medications were in a locked cabinet.
- The HVAC, the sprinkler system, and the fire extinguishers were reviewed and current.
- The facility's TB risk assessment was reviewed and current.
- The facility's water temperature tested within the regulatory guidelines.
- The facility's room temperature setting was within the regulatory guidelines.
- The residents' bedrooms, bed-linens and blankets were clean and neat.
- The facility did not have offensive odors.
- The kitchen was organized and clean.
- The residents' front living-room space was home-like and inviting.
- The dining area was spacious enough to accommodate the residents.
- The facility's external property grounds were free of debris.
